MEGA BOOST

High Energy + Protein production supplement for continued growth of young cattle, maintenance of breeding stock and finishing of dry adult stock.

Mega Boost is a very high energy and high bypass protein supplement.

- It is designed to fatten stock or if intakes are restricted, provide a cost effective method of maintaining breeders.
- The cost of Mega Boost is measured in 10's of cents per head per day not dollars.
- It will maximise growth of young cattle and sheep, improve growth of breeders and finishing of dry, adult stock.
- It is also ideal to finish bulls on quality pasture. It has a high oil content to put the "shine" on bulls and is very safe to feed ensuring no metabolic issues will occur
- Mega Boost is an extremely cost effective product for providing energy to your stock at a moderate cost. It is extremely cost effective when compared to grain feeding and intakes can be modified to your desired level.
- It is safe to feed. Providing high levels of fibre and buffers to eliminate metabolic issues.
- Can be fed ad lib to stock, with no requirement for restricting intake.
- Intakes can be regulated to your desired amount with variations in the salt content (0, 2.5, 5 or 7.5%)
- Contains Monensin as an aid to improve feed conversion, growth rates and to aid in bloat control
- Can be used for both cattle and sheep

Vitamin / Mineral Analysis (per kg)			
Calcium	Min.	20	g
Magnesium	Min.	5	g
Phosphorus	Min.	10	g
Sulphur	Min.	5	g
Cobalt	Min.	2.5	mg
Copper	Min.	50	mg
Iodine	Min.	1	mg
Iron	Min.	135	mg
Manganese	Min.	135	mg
Selenium	Min.	1.2	mg
Zinc	Min.	170	mg
Vitamin A	Min.	22000	IU
Vitamin D	Min.	1000	IU
Vitamin E	Min.	35	Mg

Warning

- This product may contain urea, which can be poisonous to stock if consumed quickly or in excess.
- Use strictly as directed
- For Animal Treatment Only
- Do not feed to other animal species – may be fatal
- This product does not contain restricted animal material

Available in: 25 kg bag; Bulk Bag; Bulk
Storage: Store in a cool, dry place

Feeding guide

- Suitable for cattle, sheep and goats
- Daily intake – 0.75 – 1.25% of liveweight on dry pasture/hay
- Daily intake – 0.3 - 0.6% of liveweight on green feed/crop/hay
- Do not feed to hungry or starving stock.
- Provide roughage while stock are fed this supplement
- Feed in dry trough and keep protected from the weather.
- Ensure stock have access to supplement + do not run out
- Call a Nutramix Representative for more information.
- This product contains Monensin - Do not fed to dogs or horses

Daily Intakes Cattle

Liveweight Daily Intake per head

200kg 600 - 2500 grams
 400kg 1200 - 5000 grams
 600kg 1800 - 7500 grams
 800kg 2400 - 10000 grams

Daily Intakes Sheep

Liveweight Daily intake per head

20kg 60-250 grams
 40kg 120-500 grams
 60kg 180-750 grams
