Feeding guide

- Mix 40kg Feedlot Hi Pro to 1 tonne of mixed feed.
- Feed in troughs or feeders. When feeding in self feeders, intake can be regulated by adjusting the shutters. Lowering the shutters will reduce intake.
- Do not feed directly to cattle.
- Ensure sufficient trough space to minimise competition.
- Ensure supply of fresh, clean drinking water at all times.
- Call a Nutramix Representative for more information.

Warning

- Use strictly as directed.
- Introduce gradually and do not let supply run out.
- This product contains urea, which can be poisonous to stock if consumed quickly or in excess.
- For Animal Treatment Only
- Do not feed to other animals – may be fatal
- **This product does not contain restricted animal material**
