

Ruminant Paddock Nuts 14%

Cost effective, economical, maintenance nut

- ✓ Formulated to maintain or improve stock condition during periods of decline in pasture quality or drought conditions.
- ✓ Provides essential protein, energy, vitamins and minerals to maintain or improve stock condition.
- ✓ Stimulate the intake of dry, low protein pasture to ensure improved pasture utilisation resulting in an improvement in stock condition.
- ✓ Safe to feed – supplying high levels of buffers to maintain rumen pH and reduce the incidence of grain derived metabolic problems such as acidosis and bloat.
- ✓ Adequate fibre levels to promote rumination, creating a healthy rumen environment that will improve utilisation of feed and maintain safety of feeding.
- ✓ Premium product containing only high quality ingredients, with an unmatched nutritional analysis when compared to similar products.
- ✓ We encourage you to compare our product analysis with any competitors.

Ruminant Paddock Nuts 14% Nutritional Analysis

Vitamin / Mineral Analysis (per kg)					
Protein	14 % min	Magnesium	0.20 % min	Selenium	0.10 mg min
Energy (ME)	10.00 MJ	Sulphur	0.10 mg min	Zinc	20.00 mg min
Crude Fat	3.50 % max	Cobalt	0.10 mg min	Vitamin A	15,000 IU min
Crude Fibre	15.00 % max	Copper	5.00 mg min	Vitamin D	125 IU min
Salt	0.50 % min	Iodine	0.10 mg min	Vitamin E	5.00 mg min
Calcium	0.80 % min	Iron	30.00 mg min		
Phosphorus	0.30 % min	Manganese	20.00 mg min		

Contains 27.5 mg/kg Monensin Sodium as an aid to improve growth rate, feed efficiency and as an aid in bloat control.

FEEDING GUIDE

- Commence feeding at a rate of 0.5% of body weight / head / day. Increase gradually over a 3 week period to 1 - 1.5% of body weight or at rate required to achieve target feeding goals.
- Suitable for cattle and sheep.
- Ensure good quality roughage such as pasture, hay or straw is available at all times.
- Quality, large nuts able to be fed on the ground.
- Feed in troughs, feeders or trail on the ground.
- Ensure sufficient trough space to minimise competition.
- Ensure supply of fresh, clean drinking water at all times.
- Call a Nutramix Representative for more information.

PELLET ADVANTAGES

- Easy to handle, can be augered and stored in silo.
- Runs very well in self feeders.
- Improved digestibility.
- Minimises wastage, reduces dust and eliminates separation of ingredients

AVAILABLE IN: 20kg bag, 25kg bag, Bulk bag, Bulk

STORAGE: Store in a cool, dry place
